

Arnold Schwarzenegger, Governor

STATE CLEARINGHOUSE

NEWSLETTER

November 16-30, 2005

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **November 16-30, 2005.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse/clearinghouse.shtml

Questions regarding federal grant notices should be directed to **Sheila Brown.**

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Senior Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

MEMORANDUM

Governor's Office of Planning and Research State Clearinghouse

Date: December 5, 2003

To: All CEQA Lead Agencies

From: Terry Roberts, Director, State Clearinghouse

Re: Submission of Electronic CEQA Documents to State Clearinghouse

In order to take advantage of the cost and time savings associated with electronic documents, the State Clearinghouse will accept electronic documents under the following conditions:

1. Electronic documents shall be on CD, and the file format shall be either Adobe PDF or Microsoft Word.
2. For EIRs, each CDs must be accompanied by a printed copy of the Executive Summary. This allows the State Clearinghouse and the reviewing agencies to efficiently route the document to the proper persons.
3. Negative Declarations and Mitigated Negative Declarations will not be accepted on CD. However, any separately bound technical appendices to the document may be submitted on CD.
4. For certain projects, particularly large infrastructure projects such as airport expansions, the State Clearinghouse may request a certain number of hard copies. In addition, the lead agency shall honor a special request from a responsible or trustee agency which requires a hardcopy for purposes of review and comment.
5. This policy does not invalidate CEQA Guideline §15205, which requires a public agency submitting printed documents to the State Clearinghouse to send, in addition, an electronic copy of the document, *if available*.

If you have any questions regarding the submission and circulation of environmental documents, please contact the State Clearinghouse at (916) 445-0613 or state.clearinghouse@opr.ca.gov.

<u>Documents Received on Tuesday, November 15, 2005</u>			
2003111051	<p>Agoura Village Strategic Plan - Architectural and Urban Design Development Criteria and Supporting Amendments to the City's Zoning Ordinance</p> <p>Agoura Hills, City of</p> <p>Agoura Hills--Los Angeles</p> <p>Adoption of a Specific Plan to guide future development. Full buildout of the Specific Plan would include 235-293 multi-family residential units; up to 576,458 s.f. of new office, retail, restaurant, community center, hotel; redevelopment of existing 372,042 s.f. of office and retail with the same uses and residential.</p>	EIR	01/03/2005
2005032038	<p>Capitol West Side Projects; Central Plant Renovation and West End Office Complex</p> <p>General Services, Department of</p> <p>Sacramento--Sacramento</p> <p>The proposed project consists of two separate but related construction projects; the renovation of the State's Central Heating and Cooling Plant (Central Plant Renovation Project) and the development of two new office buildings and related parking facilities to consolidate departments in the State Resources Agency (West End Office Complex Project).</p>	EIR	12/29/2005
2005061039	<p>Cedar Mini-Park Project</p> <p>Glendale, City of</p> <p>Glendale--Los Angeles</p> <p>The project proposes the development of a 23,430 square foot public mini-park. The project site would incorporate such features as open laws, trees, playground areas for young children, sitting areas, walkways, a small shade shelter, garden, security lighting, perimeter walls, and a small maintenance area. The project would involve the removal and demolition of all existing residential structures and outbuildings on the site and the removal of all mature landscaping including the garden located at 137 South Cedar Street.</p>	EIR	12/29/2005
2004052108	<p>Boundary Creek Subdivision</p> <p>Alameda County</p> <p>--Alameda</p> <p>The project is the rezone of the project site from R-1 to PD, the subdivision of a 8.25 acres into 28 lots ranging in gross size from about 3,200 to 9,500 square feet. The project is adjacent Crow Creek; the site would be accessed via a new bridge crossing the creek. Secondary emergency vehicle access would be provided via the adjacent Veronica Avenue. The subdivision would be served by all necessary infrastructure.</p>	FIN	
2005012056	<p>Weston Ranch Towne Center</p> <p>Stockton, City of</p> <p>Stockton--San Joaquin</p> <p>The project proposes a commercial development which would include up to 710,000 square feet of shopping center retail space including large retail stores, in-line shops, retail pad stores, restaurants, and fuel centers. The project also proposes parking, landscaping, and utility relocation and upgrades. The proposed project will include a general plan amendment, rezone of the site, tentative maps, development agreements, and a use permit with project plan.</p>	NOP	12/14/2005

	within an unnamed stream including construction of retaining walls and installation of a "storm water detention basin" requiring the placement of three 46-foot culverts (diameters of 8", 12", and 18" respectively) in the unnamed stream. SAA #1600-2005-0474-3.		
2005082051	Elk Grove Boulevard Roadway Improvements Project at Valley Hi Country Club Elk Grove, City of Elk Grove--Sacramento The proposed project would the addition of a modified roadway section measuring 38 feet from the existing median curb to the back of curb with a 5-foot detached sidewalk behind a main stand of trees. The lane segment would extend from Laguna Lake Way to approximately 2,400 feet west. A bicycle lane, sidewalk, curb/gutter, and stormwater drainage facility along the westbound segment of Elk Grove Boulevard between Laguna Lake Way and Franklin Boulevard would also be added. Most work would take place within the roadway right-of-way in the City of Elk Grove, with small amounts of right-of-way required for sidewalk completion. The project would include: Grading, drainage modifications and installation, pavement installation, new sidewalk, installation of roadside lighting, tree removal, and road re-stripping.	NOD	
2005082062	Point Arena Mountain Beaver Habitat Protection Project Parks and Recreation, Department of --Mendocino The Department of Parks and Recreation proposes to relocate a campground and improve trails within Manchester State Park to expand Point Arena mountain beaver (PAMB) habitat. Phase 1 describes project components that will be implemented within the next two calendar years. Phase 2 includes mid- and longer term proposals for additional campground and trail enhancements to further improve PAMB habitat.	NOD	
2005082123	Temporary Closure of Strobridge Avenue at Gary Drive to Exclude Southbound Through-Traffic, Castro Valley Alameda County Public Works Agency --Alameda The project would consist of constructing a raised bulb-out and installing "Do Not Enter" and "Wrong Way" signs on Strobridge Avenue near the southwesterly corner of Gary Drive within the roadway to block southbound traffic from entering the section of Strobridge Avenue to the south of Gary Drive. Northbound through-traffic on Strobridge Avenue at the same location would remain open, and southbound traffic on Strobridge Avenue just south of Gary Drive would remain open to local traffic only. The project would also include roadway striping and the addition of a U-turn lane for southbound vehicles on Strobridge Avenue at the corner of Gary Drive.	NOD	
2005092039	Donald L. and Maryellen Baird Tentative Parcel Map (TPM-05-05) Siskiyou County Planning Department Yreka--Siskiyou The applicants request Tentative Parcel Map approval to divide a 172.95 acre parcel into four parcels, 40.3 acres, 40.5 acres, 40.4 acres and 51.75 acres in size. The property is located within the AG-1 (Prime Agriculture) zoning district.	NOD

2005111073	Office of Education Minor Use Permit DRC2005-00046 San Luis Obispo County San Luis Obispo--San Luis Obispo Request by SLO County Office of Education for a Minor Use Permit to allow the replacement of an existing culvert and waterline over Chumash Creek. The waterline within the bridge had been impacted due to winter storms. The waterline crosses Chumash Creek via an old earthen crossing that was constructed with two 24-inch corrugated metal pipe culverts and sided by two native stone walls. The walls are mortared stacked stone and do not have any structural steel or footings. The project will include the removal of the existing earth filled causeway and culverts and the waterline serving offices, the Mens Colony and a golf course, and excavation of the soil under its current location to bury the waterline. The existing 6-inch waterline would be intercepted on either side of the crossing, and valves and ductile iron pipe with restrained joints will be installed down through the creek crossing with adequate cover and slurry backfill for protection. The creek bed and banks exposed through the removal of the existing earthen crossing will be restored to a more natural condition. The project will result in the disturbance of approximately 5,000 square feet of and approximately 47 acre parcel. The proposed project is within the Public Facilities land use category. The project is located on the north side of the intersection of Education Drive and Highway 1, approximately 3 miles northwest of the City of San Luis Obispo, in the Estero planning area.	Neg	12/15/2005
2005111074	Bella Terra Italian Villa Townhomes (T-7-04, D-13-01, RC-8-01) Oceanside, City of Oceanside--San Diego The proposed project is a 15-unit multi-family townhome project on a 2.24-acre site.	Neg	12/15/2005
2005111075	Lewis Ave Bridge Atascadero, City of Atascadero--San Luis Obispo New single-span bridge over Atascadero Creek for Lewis Avenue.	Neg	12/15/2005
2005111077	Wellman Subdivision, 2005-TM-03 Santa Paula, City of Santa Paula--Ventura Subdivide an existing 8.17-acre property into three parcels (0.73-acre, 1.31-acre, and 5.67-acre) and a 0.46-acre private roadway. No grading or construction is proposed at this time. However, subdivision of this property as proposed would allow administrative approval and development of up to four additional homes (one single family residence, and three second units).	Neg	12/15/2005
2005111078	Bishop Fire Training Facility: General Plan Amendment #2004-5 / Bishop Fire District and Rezone #2004-5 / Bishop Fire District Inyo County Planning Department Bishop--Inyo The site will be used for fire fighting training activities; structures include: practice structure (2-story, with tower), classroom buildings, vaults for water storage, 10,000 sq. ft. detention basin (with oil-water separators). Site will be redesignated public service facility (PF), and rezoned Public (P).	Neg	12/15/2005

<u>Documents Received on Thursday, November 17, 2005</u>			
	The Nicolaus Road Bridge Replacement Project includes but is not limited to the demolition of the existing bridge and the placement of a CONSPAN pre-cast concrete bridge on new bridge footings.		
2005091090	Greenfield Elementary School (Granite Pointe) Greenfield Union School District Bakersfield--Kern The proposed school site will total approximately 45,000 square feet on 15 acres and will consist of three kindergarten, sixteen primary, eight intermediate and three special education classrooms, along with an administrative building, library and multi-purpose food service building. This project will also include play areas and paved parking areas, with landscaping throughout the campus. The proposed campus will house approximately 700 students and 70 employees.	NOD	
2005092114	Hampton Station P03-109 Sacramento, City of --Sacramento The proposed project consists of entitlements to develop a total of 39.3 acres with 177 single-family homes on 20 acres; 4.24 acre park/detention basin (Lot A); undeveloped Lot B of 2.6 acres; undeveloped Lot C of 1.6 acres; undeveloped Lot D of 1.5 acres; undeveloped Lot E of 1.5 acres; undeveloped Lot F of 1.0 acres; and undeveloped Lot G of 4.9 acres, in the Airport Meadowview Community Plan Area. Specific Entitlements include: Special Permit and Tentative Map.	NOD	
2005092142	Laguna Ridge #1 Elementary School Elk Grove Unified School District Elk Grove--Sacramento The construction and operation of an elementary school on an approximately 10 acre parcel. The school will have a capacity for 925-1,150 students.	NOD	
2005101017	Well 6807-1 Coachella Valley Water District --Riverside This project includes drilling, casing, testing, and developing a 2,000 gallon-per-minute domestic water well including the installation of a 300-horsepower motor, a 2,000 gallon-per-minute pump, and other aboveground and underground appurtenances required to connect the well and pumping plant into the domestic water distribution system. An additional 1,500 feet of 12-inch pipe will be installed to connect Well 6807-1 to Well 6806-1 and arsenic facility site located in the southwest corner of the Pierce Street/Avenue 60 intersection. The Well 6807-1 site will be surrounded by a 6-foot-high masonry wall. The purpose of the Well 6807-1 project is to provide domestic water service to the Mecca Pressure Zone and serve as a backup source of water to Area 23. Area 23 includes North Shore, Bombay Beach, and Hot Mineral Spa.	NOD	
2005119012	Lake or Streambed Alteration Agreement #04-0606 / THP 2-04-154-SIS 'Turkey THP' Forestry and Fire Protection, Department of --Siskiyou 7 encroachments for Timber Harvesting Activities.	NOD

<u>Documents Received on Thursday, November 17, 2005</u>			
2005118270	Snow Storage License Agreement Tahoe Conservancy South Lake Tahoe--El Dorado Execution of a license agreement to provide areas for the storage of seasonal snow from an adjacent urban commercial parcel. This seasonal winter use will provide water quality benefits in an urban forest interface environment. Annual spring inspections will be conducted to monitor these temporary snow storage activities. The applicable TRPA Best Management Practices will be required to ensure protection of the Conservancy parcels as water quality benefits are achieved.	NOE	
2005118271	Transfer of Coverage to El Dorado County APN 80-071-27 (Mazzoni) Tahoe Conservancy Unincorporated--El Dorado Project consists of the sale and transfer of 415 square feet of potential coverage rights from Conservancy-owned land to a receiving parcel on which a private residence will be constructed. The transfer enables the receiving landowner to carry out the project without any net increase in the amount of existing land coverage in the hydrologically-related area.	NOE	
2005118272	Phase 1 Bikeways from the 2005 Bicycle Plan Sanger, City of Sanger--Fresno Using existing, paved, city streets within existing right-of-way, the City of Sanger will stripe and sign 5.5 miles for Class II bike lanes.	NOE	
2005118273	Wood's Donner Lake Pier Project Regional Water Quality Control Board, Region 6 (Lahontan), South Lake Tahoe Truckee--Nevada The project proponent plans to install a 50-foot long pier with steel pilings and concrete footings on Donner Lake at 13131 Donner Pass Road in Nevada County.	NOE	
2005118274	Boyd Recreational Boat Dock Project Regional Water Quality Control Board, Region 6 (Lahontan), South Lake Tahoe Truckee--Nevada The project proponent plans to install a wood framed boat dock with sealed concrete footings on Donner Lake at 14836 South Shore Drive in Nevada County. The boat dock will be used for swimming and fishing as well as docking boats.	NOE	
2005118275	Agreement 2005-0106-R4; Tributary to Owens Creek; Mine Shaft Fill Fish & Game #4 --Mariposa Remove tailings from the spoils mounded at the top of the bank, place the tailings into an abandoned mine shaft, place riprap over the top of the filled mine shaft.	NOE	
2005118276	Agreement 2005-0039-R4; Oakhurst River Parkway within Fresno River, China Creek, Oak Creek Fish & Game #4 --Madera Cut back branches from the path, clear weeds within one foot along each side of the path, remove weeds and debris from the pathway, fill gopher and squirrel holes on the pathway, repair existing water bars along the path, remove trash and debris along the banks and the river bottom, install and maintain pond levelers to minimize additional dam construction by beavers, and placement of riprap or other types of stabilization materials as needed for erosion control, bank protection and stabilization.	NOE

<u>Documents Received on Thursday, November 17, 2005</u>			
2005118277	Levee Stability and Erosion Analysis Sutter County Yuba City, Live Oak--Sutter Soil borings at approximately 500-1,000 foot spacing in the levee. Distance of explorations will be determined by the geotechnical review and recommendation based upon criteria and existing data. Existing borings shall be evaluated and use wherever possible.	NOE	
2005118278	Washington Boulevard / Arlington Drive Traffic Signal Installation Project Del Norte County Planning Department Crescent City--Del Norte Installation of a six phase intersection traffic light with four phase pedestrian header and emergency vehicle detection. Existing ADA ramps will have to be removed during installation and new ramps will be upgraded for new ADA requirements. Crosswalks will be installed. The project will channel traffic, provide bicycle/ped. improvements, calm traffic and provide emergency vehicle priority pass.	NOE	
2005118279	Union Island West (Reclamation District No. 2) - Levee Maintenance Exposed Slope Protection Fish & Game #2 --San Joaquin Streambed Alteration Agreement 1600-2005-0167-R2. Annual routine levee maintenance and repairs of an existing facility to maintain levee safety and structural integrity of the damaged waterside slope sections and to reduce the probability of levee failure. Levee maintenance work involves placement of clean quarry stone rip-rap products above the existing rip-rap.	NOE	
2005118280	Issuance of Streambed Alteration Agreement #05-0404, Trinity River, tributary to Klamath River, Trinity County Fish & Game #1 --Trinity Replace the seep well casing, pump, water line and electrical conduits to supply domestic water service to an existing home.	NOE	
2005118281	Issuance of Streambed Alteration Agreement #05-0379, West Fork Nelson Creek, tributary to Pit River, Shasta County Fish & Game #1 --Shasta The project proposes the annual removal of accumulated material which deposits in front of the existing dam structure during the high water season and alters the stream flow away from the forebay and main fish weir. There will be no expansion of use in connection with the project. The project will have no significant effect on the environment.	NOE	
2005118282	Issuance of Streambed Alteration Agreement #05-0431, Unnamed Drainage, tributary to Emerson Lake, Lassen County Fish & Game #1 Susanville--Lassen The project proposes the upgrade of an existing culvert to a 36-inch x 40-foot CMP and the installation of a new 24-inch x 20-foot CMP. There will be no expansion of use in connection with the project. The project will have no significant effect on the environment.	NOE

2002112033	Sonoma-Marin Area Rail Transit Project Sonoma Marin Area Rail Transit Commission Cloverdale, Larkspur--Marin, Sonoma Implementation of passenger rail service on existing NWP right-of-way and construction of ancillary bicycle/pedestrian pathway to provide alternative modes of transportation along Hwy. 101 corridor in Sonoma and Marin counties. Project would include 14 rail stations, passing sidings, rail maintenance facility, shuttle service at selected rail stations, and a combination of Class I & II bicycle/pedestrian pathway facilities connecting the rail stations.	EIR	01/23/2006
2005032125	Napa County Sales Tax Ordinance and Transportation Improvement Expenditure Plan Napa County --Napa The tax ordinance would impose a one-half percent retail transaction and sue tax on the incorporated and unincorporated areas of Napa County. It is anticipated the tax would be imposed for up to a 30 year period, and may only continue or be reimposed with voter approval. The funds received from the tax could only be used to provide funding for transportation projects contained in the approved expenditure plan.	EIR	01/03/2006
2005051047	Home Depot Retail Center Specific Plan Yucca Valley, City of Yucca Valley--San Bernardino Project involves development of a retail shopping center including a home improvement center (Home Depot), restaurant or bank, and other retail uses on approximately 18 acres, and includes off-site roadway and infrastructure improvements. The Home Depot store and garden center will be approximately 137,283 square feet (SF) on 13.09 acres. The rest of the project site will be divided as follows: three retail buildings totaling 34,610 SF on 5.21 acres; and a 3,000 SF restaurant or bank on 0.90 acre. Entitlements sought include: (1) a Specific Plan to establish the site planning concept, design and development guidelines, in addition to the administrative procedures needed to achieve an orderly and compatible development of the plan area; (2) a Conditional Use Permit for certain uses are allowed in the commercial designation, but which are subject to condition; and (3) a Parcel Map to subdivide the property into four parcels associated with the location of proposed building pads. 	Residential component includes 109 condominiums totaling 114,240 sq. ft. and 648 sq. ft. residential lobby.		
2005112078	Somky House Removal Napa Sanitation District Napa, Benicia--Napa, Solano The project proposes to relocate the existing dilapidated Somky House from its current location to a development and restoration site in the City of Benicia. The house site lies on an approximately 2.49 acre parcel of land owned by the Napa Sanitation District and surrounded by District land. The project sponsor, Joy Properties, proposes to remove the Somky House from the District property by transporting it across District property to the Napa River. It will then be loaded onto a barge bound for the City of Benicia where the structure will be restored. The District does not intend to replace the Somky House with a permanent or temporary structure.	MND	12/19/2005
2005112081	Bootier / Lorvig Parcel Map Subdivision and Zone Reclassification Humboldt County Community Development Services --Humboldt A Parcel Map Subdivision to result in two parcels of approximately 40 acres each. The subdivision places an existing residence and barn onto Parcel 1 and an existing residence and garage onto Parcel 2. The parcels are served by on-site sewage disposal systems and spring water, and accessed off Barry Road via Cross Creek Road. The subdivision requires a Zone Reclassification of the AE-B-5(160) from the 160-acre to a 40-acre minimum parcel size.	MND	12/19/2005
2005081146	The Herald Examiner Project Los Angeles City Planning Department --Los Angeles Cultural Heritage Review, Vesting Tentative Tract Maps, FAR Averaging Conditional Use Permit, Zoning Variances (density), and other applicable administrative and discretionary permits such as haul route, demolition, grading, and building permits to enable the rehabilitation of the Herald Examiner Building and construction of two new mixed-use buildings in downtown Los Angeles. The Herald Examiner Building (111 S. Broadway) would be rehabilitated to include 29,000 square feet of retail space, and 39,725 square feet of office space. A 23-story building is proposed at 1108 S. Hill Street that would feature 2,560 square feet of retail space, 256 condominium units, and 422 parking spaces. A 37-story building is proposed at 120 W. 12th Street that would feature 8,050 square feet of retail space, 319 condominium units, and 479 parking spaces.	NOP	12/19/2005
2005111093	2nd Street & E Street Mixed Use Specific Plan San Bernardino, City of San Bernardino--San Bernardino The City of San Bernardino will be responsible for preparing a program level Environmental Impact Report (EIR) to analyze implementation of the 2nd and E Street Mixed Use Specific Plan and associated amendments to the General Plan, Development Code, and Central City Redevelopment Plan (which may include but are not limited to, extending the life of the Redevelopment Plan, the date to receive tax increment and elimination of debt incurrence in accordance with State Redevelopment Law, etc). 2005112083	Shasta Street Drainage Improvement Project Vallejo Sanitation and Flood Control District Vallejo--Solano The VSFCD is proposing the construction and operation of a new storm drain system from the intersection of Tennessee and Shasta Streets, south along Shasta Street to the 108-inch Solano Avenue storm drain at the intersection of Shasta Street and Solano Avenue. New curb-side inlets constructed north of Tennessee Street would consist of vane grates with 3-inch by 6-inch openings. These grates are designed to capture high-velocity gutter flow and can pass leaves and other small debris. South of Tennessee Street, the tree cover is less dense, and standard inlets would be used. New curb-side drainage inlets will be constructed along Shasta Street at all crossings. The 18-inch-diameter drainage pipe along Shasta Street, from Springs Road to Solano Avenue would be replaced.	Neg	12/19/2005
1993081127	Mercury Air- Fuel Farm Santa Barbara, City of Santa Barbara--Santa Barbara The project involves a substantial conformance determination of a revised project by the Community Development Director. The project site is a 15-acre parcel leased from the City located in the Airport Industrial Specific Plan area. As revised, the retail and restaurant floor area would remain the same, the office space would be 120,000 square feet and the research and development use would be 40,000 square feet. The total floor area of 180,000 square feet, would remain unchanged. The number of buildings would be reduced from six to four.	NOD	
2004112060	Cochrane Road Planned Unit Development (PUD) EIR Morgan Hill, City of Morgan Hill--Santa Clara The project applicants are proposing to construct a 657,250 square foot sub-regional shopping center on a 66.49-acre site located at the northeast quadrant of Cochrane Road and U.S. Highway 101. The proposed project would include two large anchor stores, retail shops, restaurants (sit-down and fast-food), and 63,200 square foot multi-plex cinema with up to 14 screens and an optional 12-position fuel station that would incorporate a 1,600 square foot convenience	NOD

	market and a 600 square foot car wash as a substitution for 6,000 square feet of retail space. The proposed anchor stores could consist of the relocation and expansion of the "Target" store. Other retail uses anticipated for the shopping center would include a home improvement store, grocery store, wholesale store or department store. The proposed project involves a number of entitlement requests: General Plan Amendment, Zoning Amendment, Subdivision, Development Agreement, Use Permit, and Architectural and Site Plan Review.		
2005022043	State Route 89 Rock Wall Replacement Project Caltrans #3 South Lake Tahoe--El Dorado Caltrans in association with the Federal Highway Administration propose to replace a masonry parapet (rock/rubble barrier) on SR 89 in El Dorado County. The purpose of this project is to improve safety on this area as the parapet has deteriorated to a point where in-kind repairs are no longer effective.	NOD	
2005041040	Badlands Sanitary Landfill Riverside County Waste Management Department Moreno Valley--Riverside The SWFP revisions will allow the following: change the operating hours to 4:00 am - 8:00 pm for receipt of refuse/waste and to 24 hours/day, 7 days/week for maintenance and ancillary activities, an increase in traffic volume to 612 vehicles per day, decrease in facility acreage to 246 acres, increase in design capacity to 30,386,322 cubic yards, change in facility depth to 275 feet below ground surface, change the closure date to 2016, add a waste diversion/recycling park.	NOD	
2005041164	2005 University of California, Riverside Long Range Development Plan University of California Riverside--Riverside The 2005 Long Range Development Plan (2005 LRDP) for UC Riverside is a general land use plan to guide the physical development of the campus. The 2005 LRDP projects a regular academic year enrollment of 25,000 by 2015-16, and anticipates that faculty and staff population will increase to 7,916. Building space is projected to increase up to 11.8 million gross square feet by 2015-16.	NOD	
2005072013	Steam Expansion Phase 1 Project University of California, Davis Davis--Yolo The Steam Expansion Phase I project includes a 7,532 gross square feet addition to the Central Heating and Cooling Plant (CHCP) that will add one 150,000 pounds per hour boiler and appurtenances to the existing Central Plant. The additional steam capacity will be used for building heating needs and process heating demand from specialized equipment. The added steam generation is designed to provide adequate capacity to meet the projected peak steam demand through the winter of 2011. The project also includes a 15 foot high, 66,000 gallon on-grade fuel storage tank to be located within the existing 10-foot high concrete walls of the CHCP compound.	NOD	
2005091037	Vesting Tentative Tract 6423 Bakersfield, City of Bakersfield--Kern A proposed tentative subdivision containing 48 lots on 30.86 acres for purposes of single family development, zoned R-1 (One Family Dwelling) including a request for alternate lot and street design, and to waive mineral rights signatures pursuant to BMC 16.20.060 A.4. 2005091127	Arroyo Student Housing (UCR Project #956317-1) University of California, Riverside Riverside--Riverside The Arroyo Student Housing project at UC Riverside consists of four residential buildings that are four stories in height. The project will provide new apartments for 504 students and 7 staff members as well as support uses including a computer lab, study lounges, a laundry facility, a convenience store, a grill, and three illuminated recreation fields. The project will be the first phase in implementing a precinct plan that links existing and planned student housing communities.	NOD	
2005101009	Hollister Heat Softball Field San Benito County Hollister--San Benito Project involves construction of a softball field at Veterans Memorial Park. The park is currently supporting four baseball fields, three softball fields, two soccer/football fields, three tennis courts, a skate park, as well as four large group and several small family picnic sites. The proposed field will be constructed adjacent to and just south of the existing softball fields on the site, on the eastern side of the park. The eastern border of the new field will be planted with evergreen trees to attenuate noise generated by operation of this new field.	NOD	
2005119021	Site Plan Review, SPR P2005027 Culver City Culver City--Los Angeles A site plan review application to permit the remodeling of the 1,054,149 gross square foot (GSF) Fox Hills Mall by demolishing 179,759 GSF and constructing 446,075 GSF in a multi-level retail configuration with rooftop parking for a revised total of 1,320,465 GSF. Onsite/offsite improvements include, but are not limited to, architectural improvements; retail; restaurants; revisions to vehicle access ramps and expansion of the parking structure; elimination of 180 parking spaces for a revised total of 4,233 parking spaces; parking lot improvements; relocation of two primary driveway locations and realignment of medians and left turn pockets along the Sepulveda Boulevard frontage; and the signalization of the driveway located along Hannum Avenue. A traffic study and a parking demand study are on file.	NOD	
2005118265	Annual Maintenance Herbicide Spraying, Auburn State Recreational Area Parks and Recreation, Department of --El Dorado, Placer Spray herbicides to control weeds immediately adjacent to developed facilities and administrative areas within Auburn State Recreation Area. Treatment locations include around developed campground sites, restrooms, picnic sites, radio repeater sites, fences, walls, fuel tanks, signs, garbage containers, buildings, sheds, gates	NOE

	and utility sites. The purpose of the spraying is to control weeds to create a fire safe buffer around facilities and to maintain the appearance of facilities to park standards. The required recommendations for herbicide to be used and the applications methods in the maintenance spraying program will be obtained from a Certified Pest Advisor . Herbicides likely to be used in the program may include Round-up, Surflan, Redeem, Garlon, and Telar. Herbicides will be applied by park staff with Qualified Applicators Certificate. Applications will avoid all water sources and wet areas including rivers, streams, lakes, ponds and wet drainages. Spraying will occur only when conditions will permit avoiding any drift or cover-spray. All required records on herbicide use will be filed with Placer and El Dorado Counties.		
2005118266	Archaeological Test Excavations - Mexican Commercial Corner (05/06-SD-22) Parks and Recreation, Department of --San Diego This project consists of the excavation of two (3'X3') units in the Mexican Commercial Corner area of Plaza Del Pasado, a restaurant/retail concession, located in Old Town San Diego State Historic Park. The purpose of the tests is to give advance information on the subsurface features of historic note that will be impacted by the construction of the newer workers' restroom and the placement of the flagstone extension of the restaurant patio at this location.	NOE	
2005118267	Martha's Grove Trail Segment Bypass San Diego County --San Diego The proposed project would include the construction of a bypass trail segment on the Martha's Grove Trail. The segment would bypass a steep section on trail that not all users are comfortable traversing. The bypass trail would be approximately 120 feet long and 2-4 feet wide.	NOE	
2005118268	03-Yolo-5, EA 0E7801, Dunnigan Safety Roadside Rest Area, Water Well Caltrans #3 --Yolo The project will install a new water well for the purpose of providing water for the Dunnigan Safety Roadside Rest Area facilities. The existing well will be abandoned and sealed.	NOE	
2005118303	Hook Junior High Classroom Addition Victor Valley Union High School District Victorville--San Bernardino The project is adding classrooms and support space to serve students at Hook Junior High School due to enrollment growth. 2005118296	Mann Underground Electrical Service Fish & Game #3 Sonoma--Napa The Operator proposes to install an electric connection by trenching through Huichica Creek at 5100 Lovall Valley Road, Sonoma. The trench will be approximately 3 feet wide and 3 feet deep. The creek is approximately 6 feet wide and 1 foot deep in the area of the trenching. The contour is flat and pasture with little to no riparian vegetation along the streambanks. Issuance of a Streambed Alteration Agreement Number 1600-2005-0580-3 is pursuant to Fish and Game Code Section 1602.	NOE	
2005118297	Water Main Replacement Table Mountain Blvd. Thermalito Irrigation District Oroville--Butte Thermalito Irrigation District wishes to rehabilitate one of its existing facilities by adding approximately 2,850 feet of a 30 inch diameter water main to the structure. The existing structure consists of a similar pipe connecting two storage tanks. The new pipe, which will be used for inflow, will be trenched and placed within 8 feet of the existing pipe. The existing pipe will remain in place for outflow purposes. Having two pipes will make the existing system more congruent to current engineering standards as well as those of public health and safety. There will not be any expansion of the existing use or change in capacity arising from implementation of this project.	NOE	
2005118298	Penncreek Bridge - Rail Car -- JOC 04-009.035 California State Polytechnic University, San Luis Obispo --San Luis Obispo The project consists of installing two side-by-side railcars, 80'0" LOA, by 19'6" WOA on the Pennington Bridge on the campus property.	NOE

	Repair work will include ground work (minor grading or introduction of fill) within existing trail footprint and the replacement and/or construction of several structures. The trail head will be limited to 4'-wide with 1' of vegetation bars, small-scale (8" maximum) subterranean drainages or rock lenses to reduce erosion and trail usage. New structures will occur within existing trail footprint. Native vegetation trimming may be necessary but will not result in any ground disturbance. Trimmings will be applied onsite or taken to green-waste facility. Fill materials will be of local origin or material that matches existing soils.		
2005118305	Well 10-03 Granular Activated Carbon & Ion Exchange Health Services, Department of Commerce--Los Angeles Well 10-03 Granular Activated Carbon and Ion Exchange Treatment Facility for the removal of VOC and perchlorate.	NOE	
2005118306	PG&E Topock Compressor Station Site: Pore Water and Seepage Study Work Plan Toxic Substances Control, Department of Unincorporated--San Bernardino The primary objectives of the survey are to: - Assess chromium concentrations in pore water at multiple locations within the zone that has been historically down-gradient of the existing chromium plume observed in the floodplain, during the next seasonal low river stand. - Assess chromium concentrations in pore water at multiple locations that are historically up-gradient of Bat Cave Wash, during the next seasonal low river stand. - Assess whether geotechnical conditions in shallow sediments below the Colorado River favor chromium reduction.	NOE	
2005118307	Snowshoe Thompson No. 1 Pipeline South Tahoe Public Utility District --Alpine The project involves placement of a 36-inch diameter pipeline within a 3,100-foot section of the existing earthen Snowshoe Thompson agricultural irrigation ditch, which conveys water from the West Fork of the Carson River to the Indian Creek Reservoir and users in Diamond Valley. The purpose placing this section of the earthen ditch within a pipeline is threefold: 1) to reduce erosion from the earthen ditch and associated input of phosphorous into the Indian Creek Reservoir, improving water quality; 2) to allow for winter operation of the ditch, and; 3) to enhance stability of this section of the ditch, which has experienced failure as a result of excess river flow overtopping the ditch.	NOE	
2005118308	San Joaquin Valley Unified Air Pollution Control District (District): Project 1052358 Proposed Changes to the Pacific Ethanol Plant San Joaquin Valley Air Pollution Control District Madera--Madera Pacific Ethanol will modify the original equipment that was authorized under District Project Number C-1031341. Pacific Ethanol will remove the CO2 recovery plant serving the fermentation and beerwell tanks. Pacific Ethanol will also remove the 6.5 MMBtu/hr flare serving the ethanol loading rack. The CO2 recovery plant and the ethanol loading rack will be replaced by a 1.1 MMBtu/hr regenerative thermal oxidizer. There are some slight changes to the emissions from each of these units associated with the changes by Pacific Ethanol. The facility emissions for NOx, CO, VOC, and PM10 are either decreasing or remaining the same. The facility SOx emissions are increasing by 5.0 pounds per year.	NOE

2005118355	Transfer of Coverage to El Dorado County APN 25-291-03 (Hedley) Tahoe Conservancy South Lake Tahoe--El Dorado Project consists of the sale and transfer of 3,543 square feet of potential coverage rights from Conservancy-owned land to a receiving parcel on which a private residence will be constructed. The transfer enables the receiving landowner to carry out the project without any net increase in the amount of existing land coverage in the hydrologically-related area.	NOE	
2005118356	Digouts / AC Blanket Susanville Caltrans #2 Susanville--Lassen Caltrans and Federal Highway Administration will repair various digouts and place a 30 mm thin AC blanket through downtown Susanville south to the junction of SR 36 and SR 395. Staging/stockpile areas will be a LAS 36-22.4 (EB), 26.6 (EB), 29.4 (EB), and LAS 139-2.84 (NB). All work will remain within the roadway hinge. The state will keep possession of the grindings. This project will cause no significant impacts to the environmental resources.	NOE	
2005118357	Pit River Bridge Deck Caltrans #2 --Shasta The Pit River Bridge in Shasta County north of Redding serves a critical link on the I-5 corridor; however, the bridge deck is beginning widespread structural failure. Prior to replacing the deck, Caltrans proposes under Director's Order to install a protective structure under the bridge and above the railroad to ensure no adverse effect on UPRR safety and operations. Such structure is to remain in place throughout the deck replacement. Caltrans also proposes a speed zone reduction over the bridge to reduce vibration and impact loading. Bat and swallow exclusion measures requiring work windows shall be implemented as outlined in the biologist's 11-9-05 memo. No permits are required.	NOE	
2005118358	Shasta 44 CCTV Caltrans #2 --Shasta Caltrans proposes to install a Closed Circuit television (CCTV) on SR 44 at PM 49.3 in Shasta County. Project construction of a 25 ft. mast to support the CCTV. The mast will sit on a 5' deep foundation. An additional 15' x 20' x 2' slab will be used to support the electronic equipment necessary to operate the CCTV. Approximately 300' of trenching will be needed to accommodate cable requirements. A 15' x 50' asphalt concrete maintenance road is part of the project design and will provide access from the main road to the equipment. The project will use state funding only and all construction will occur on National Park property.	NOE

2005118359	Tehama Guard Rail Caltrans #2 --Tehama Caltrans proposes to place 450 feet of new metal beam guard rail (MGBR) along the westbound shoulder in the vicinity of PM 78.2. The purpose of this project is to improve safety and prohibit run-off-road collisions.	NOE	
2005118360	Spanish Creek Bridge Caltrans #2 --Plumas The Department of Transportation proposes to conduct geologic drilling at the Spanish Creek Bridge (Bridge No. 9-15) on State Route 70 in Plumas County near the community of Keddie. The drilling data will be used to develop foundation plans for a replacement bridge. The proposed replacement bridge is a concrete, open-spandrel arch, box girder structure.	NOE	
2005118361	Student Housing Phase 2 (Santa Cruz Village) California State University, Channel Islands --Ventura Provide additional student housing on campus (estimated 450 beds, new construction and adaptive re-use).	NOE	
2005118362	Routine Drainage Maintenance and Periodic Repairs in San Joaquin Field Division Water Resources, Department of --Kern, Kings, San Luis Obispo The drainage maintenance activities include routine maintain and periodic repair the existing drainage structures: overchutes, underchutes, siphons, sediment basins, lateral drains, trailing dikes, spoil sites and road culvert. Typical maintenance includes remove sediment and vegetation debris on structures and their inlet and outlet areas, weed control or abatement, reshape, repair or replace when necessary.	NOE	
2005118363	Paint Restroom Floor at Neptune Pool Dressing Room and Bat Cave at Hearst San Simeon State Historic Monument Parks and Recreation, Department of --San Luis Obispo Paint restroom floors at Neptune Pool dressing room and Bat Cave with epoxy based paint. The bathrooms are used by visitors during monument tours. Existing concrete floors consist of unsealed, bare concrete and cannot be cleaned sufficiently to remove stains and odors. Floors will be pressure washed and chemically cleaned prior to epoxy coating. Per direction of DPR historian, photograph project area before, during, and after application of epoxy paint to record changes to the appearance of the floors.	NOE	
2005118364	Replace Vault Doors under New Wing Staircase at Hearst San Simeon State Historic Monument Parks and Recreation, Department of --San Luis Obispo Remove existing steel doors covering vault access under the New Wing northeast exterior staircase and replace with aluminum access doors of the same size and shape. The new aluminum doors will fit over existing, unmodified steel frame.	NOE

Documents Received on Wednesday, November 23, 2005

2005051094	South Region Elementary School No. 2, Florence Area Los Angeles Unified School District --Los Angeles The proposed project consists of construction and operation of an elementary school providing approximately 79,000 square feet of development, including 42 classrooms, a multi-purpose room, a library, cafeteria, and administration offices serving 1,050 students in grades Kindergarten (K) through 6. School hours would be from 8 AM to 3 PM with staff and students arriving on campus between 7 AM and 8 AM and leaving between 3 PM and 5 PM.	EIR	01/06/2006
2004072154	Stanislaus County/Route 99 Corridor Enterprise Zone Stanislaus County Ceres, Modesto, Turlock--Stanislaus The purpose of the proposed project is to establish an Enterprise Zone in certain areas of Stanislaus County and the cities of Ceres, Modesto, and Turlock that are considered a disadvantaged area (i.e. high unemployment and low income). The project objective is to generate new private sector economic growth in disadvantaged areas of Stanislaus County and the cities of Ceres, Modesto, and Turlock.	FIN	
2005104003	2.3 acre on Reservation Fee-to-Trust Acquisition, Maintenance Facility & Home Construction Bureau of Indian Affairs, Sacramento Area --Siskiyou Develop a new maintenance facility and construct three residential homes.	FON	12/24/2005
2005052136	Marysville Mining Modification Project Yuba County Marysville--Yuba The project applicant, Teichert Aggregates ("Teichert"), is proposing alterations to the previously approved Marysville Mining project. The proposed alterations include production capacity increase; alteration of phasing; flexible locations for test plots, overburden stockpiling, and temporary berms; and revisions to current waste discharge requirements (WDRs) for the Teichert aggregate extraction and processing operation. It should be noted that the project site boundary, the designated mining area, and the approved reclamation plan would not change.	NOP	12/22/2005
2005111109	The Plaza at Imperial Valley El Centro, City of El Centro--Imperial The proposed Plaza at Imperial Valley project site consists of ~38+ acres of land generally located on the Northeast Corner of Dogwood Avenue and Danenberg Drive. The proposed project includes a one-story 340,000 square foot retail shopping center, 14-60 foot loading facilities, and 1,513 off-street public parking spaces. The proposed project requires a General Plan Amendment from General Industrial / Regional Commercial Overlay to General Commercial Usage and a subsequent Change of Zone to CG (General Commercial). 2005112106	Wal-Mart Store #3714-00 Elk Grove, City of Elk Grove--Sacramento Construction of a Wal-Mart Supercenter on Lot 3 of Acadian Village Unit #2. Project combines both retail and grocery components and would occupy up to 240,000 square feet on a 19.81-acre parcel located at the northeast corner of Power Inn Road and Sheldon Road. The Supercenter would also provide an outdoor retail/garden center area of approximately 24,100 square feet. The applicant is also requesting a seasonal outdoor sales area in the parking lot of 13,500 square feet.	NOP	12/22/2005
2005111108	Amend. I, Specific Plan 13 Thousand Oaks, City of Thousand Oaks--Ventura To make changes to the Specific Plan Land Use Exhibit and original conditions of approval; approve a change of zone from C-1 to C-2 and related Development Permit Application to construct approximately 63,300 sq. ft. of commercial retail and 9,200 sq. ft. of restaurant uses within Planning Unit A; concurrently process a major modification to Vesting Tract 4927 in order to relocate a future fire station within Planning Unit D, and approve a Special Use Permit to allow the construction of a new private elementary school within Planning Unit F.	Neg	12/22/2005
2005111110	Victorville Industrial Minerals Permit Revision for Alternate Access, Conveyor System, and Extend Operation Life San Bernardino County --San Bernardino A revision to an existing 163 acre silica mine to use alternate access road; add a conveyor system; backfill a portion of the mined out pit; operate existing plant 24 hours a day and extend mining and reclamation for the TXI" portion by 5 years.	Neg	12/22/2005
2005111111	Puente Valley Operable Unit Intermediate Zone Remedy San Gabriel Basin Water Quality Authority Industry--Los Angeles The proposed project consists of the construction and operation of six new extraction wells, water conveyance pipelines, and treatment system improvements associated with implementation of the remedy of the IZ in the PVOU. The proposed extraction wells will be approximately 10-inches in diameter and extend to approximately 400 feet below ground surface. The conveyance pipeline would range from 6-to 12-inch diameter pipe totaling approximately 2 miles in length. The proposed wells and pipeline system also include construction of appurtenant structures (e.g., maintenance/access holes, flow meters, valves, and/or vaults). The proposed treatment system involves the modification of the existing San Gabriel Well B7C Treatment Facility (Air Stripper) to incorporate conveyance of the untreated IZ water to the air stripper inlet.	Neg	12/22/2005
2005111112	Tentative Tract Map No. 17716 Subdivision No. 05-32 San Bernardino, City of San Bernardino--San Bernardino A request to subdivide approximately 13.4 acres into 39 single family residential lots with a minimum lot size of 10,800 square feet located on the east side of Pine Avenue between Belmont and Ohio Streets in the RL, Residential Low Land use district. 2005114006	Perris II Desalter U.S. Army Corps of Engineers Perris--Riverside The proposed construction will be on vacant land that was previously disturbed by agricultural activity and includes a 7,500 square foot desalter and sited on less than three acres, which encompasses the following design and construction components: 1) Reverse Osmosis building; 2) chemical storage and feed facilities; 3) chlorine contract tanks and finished water pump station; 4) a brine pump station and connection to Temescal Valley Regional Interceptor; 5) a field laboratory; and 6) a storage and maintenance facility.	EA	12/23/2005
2003122014	University District Specific Plan Rohnert Park, City of Rohnert Park--Sonoma The project is the University District Specific Plan and Annexation, a 297 acre site that is contiguous to the City's easterly boundaries, north of Sonoma State University (SSU), and within the City's LAFCO-approved Sphere of Influence. The project is proposed to include 25 estate residential units, 318 low density residential units, 537 medium density residential units, 630 high density residential units, 100 mixed-use units, up to 250,000 square feet of commercial uses, and a 100-room hotel. The project will also include the annexation of the properties to the City of Rohnert Park.	EIR	01/11/2006
2005112118	Carl Doumani Parcel Map and Variance St. Helena, City of St. Helena--Napa The property owner proposes to divide an approximate 10.03 acre parcel into four separate parcels. The property is split with two different General Plan designations. The portion that is designed Service Commercial in the General Plan and is zoned SC: Service Commercial would be divided into three parcels of approximately 1.58, 2.65, and 1.70 acres each. The portion of the property that is designated Agriculture in the General Plan and is zoned A-20: 20-acre Agriculture would become a separate parcel of 4.10 acres.	EIR	01/11/2006
1994083081	2004 Boronda Crossing Salinas, City of Salinas--Monterey Project proposed is a major retail shopping center - eight retail structures ranging in size from 7,700 to 117,000 sq. ft. plus four automobile dealerships.	FIN	
2005111116	TM 5194RPL^2, Log No. 00-09-008 San Diego County Department of Planning and Land Use --San Diego The project proposes to subdivide 287 acres into 36 residential lots ranging in size from 5.5 to 10 acres.	MND	12/27/2005
2005111119	Haugh Tentative Parcel Map, TPM 20610RPL^2, Log No. 01-02-024 San Diego County Department of Planning and Land Use Fallbrook--San Diego This project proposes a minor subdivision of 8.74 acres into four single-family residential lots ranging in size from 2.00 to 2.37 acrs gross. The project will involve grading for four residential pads and driveways. An on-site private pad with cul-de-sac is proposed for access to Parcels 3 and 4. Biological open space is proposed over the riparian streamcourse that occurs in a north-south direction on-site.	MND	12/27/2005

	resulting in a rectangular shaped lot.		
2005118422	Yanovskaya Boundary Line Adjustment Sacramento County Dept. of Environmental Review --Sacramento The proposed project consists of a Boundary Line Adjustment to reconfigure the property lines of two adjacent parcels to create a 5-foot side yard for the existing home on APN 240-0222-037, in the RD-2 and RD-2 (NS) zones.	NOE	
2005118423	Coleman Boundary Line Adjustment Sacramento County Dept. of Environmental Review --Sacramento The proposed project consists of a Boundary Line Adjustment to reconfigure the lot lines between two parcels in the AG-80 zone.	NOE	
2005118424	Baranov Lot Area Exception Sacramento County Dept. of Environmental Review --Sacramento The proposed project consists of a Lot Area Exception for two of the three proposed lots approved by the Subdivision Review Committee on December 17, 2004 (04-PMR-0190).	NOE	
2005118425	Laguna Interceptor Extension Emergency Tunneling Operation Sacramento County Dept. of Environmental Review Elk Grove--Sacramento While tunneling under Fishhead Lake, the contractor experienced excessive water infiltration through the tunnel and into the launch shaft. The excessive infiltration of water has in turn compromised the integrity of the tunnel, which is consequently at risk of failure. In order to relieve the water pressure that is compromising the tunnel and preventing the tunneling operations from continuing, a portion of Fishhead Lake will be drained. Once the lake is drained one of two alternatives will be implemented: 1. Drain a portion of the lake, restart the tunnel boring machine, and continue tunneling to the exit point. 2. Drain a portion of the lake, use open excavation to remove the bore machine, and complete the pipe installation by open-cut trench construction.	NOE	
2005118426	Verizon Wireless Hurley Project Use Permit Sacramento County Dept. of Environmental Review --Sacramento The proposed project consists of a Use Permit to allow a collocation wireless facility consisting of six panel antennas on an existing 62'6" high monopole on 2.8 +/- acres in the "O" zone. Equipment will be installed inside an equipment shelter located at the base of the monopole. No change in the overall height of the monopole is proposed.	NOE	
2005118427	Cingular Wireless St 537 / Metro PCS SAC-239-D Use Permit Sacramento County Dept. of Environmental Review --Sacramento The proposed project consists of a Use Permit to allow a collocation wireless facility consisting of twelve panel antennas and one microwave dish onto an existing 105 +/- foot high PG&E transmission tower on 3.55 +/- acres in the SC zone. Equipment cabinets will be located below the tower. The Use Permit includes a deviation from the maximum 65-foot tower height, pursuant to Section 301-13.5 (d)(2) (bb) of the Sacramento County Zoning Code for a facility in a Group II zone, a deviation from the minimum 25-foot setback from a public right-of-way	NOE

	and any adjacent interior property boundary pursuant to Section 301.13.5(d) (2) (cc) of the Sacramento County Zoning Code, and a deviation for a facility located in a Group II zone to be separated from a Group I zone at a distance three times the height of the tower pursuant to Section 301-13.5(d) (2) (aa).		
2005118428	Pope and Fulton Site Use Permit Sacramento County Dept. of Environmental Review --Sacramento The proposed project consists of a Use Permit to allow a collocation wireless facility consisting of 6 panel antennas at a height of 76 +/- feet on an existing 87+/- foot high monopole. Four new radio equipment cabinets will be installed on the ground near the existing monopole in a 14' x 9' lease area.	NOE	
2005118429	El Camino Residential Condominiums Use Permit, Map Waiver, Development Plan Review and Affordable Housing Plan Sacramento County Dept. of Environmental Review --Sacramento The proposed project consists of the following: 1. A Use Permit to allow construction of a 20-unit condominium project on 1.09 +/- acres in the RD-20 zone. 2. A Waiver from the Requirement for a Subdivision Map (tentative and final) for condominiums, as allowed by the County Land Development Ordinance Title 22, Section 22.20.076. Note: The Waiver is necessary to permit the sale of individual project units as condominiums. The proposed waiver or land division will not result in any new uses being permitted on the property that are not otherwise permitted in the RD-20 zone. 3. A Development Plan Review for a 20-unit condominium project, pursuant to Condition No. (b)(2) of the prior Zoning Agreement adopted by Resolution No. 91-1398. 4. An Affordable Housing Plan consisting of the payment of in-lieu and affordability fees.	NOE	
2005118430	Borodaev Residence (2124 Royal Enfield Court) Use Permit Sacramento County Dept. of Environmental Review --Sacramento The proposed project consists of a Use Permit to allow a residential accessory dwelling on 0.77 +/- net acre in the AR-1 zone.	NOE	
2005118431	Hutcheson / Beach Residential Accessory Dwelling Use Permit Sacramento County Dept. of Environmental Review --Sacramento The proposed project consists of a Use Permit to allow a residential accessory dwelling on a 2.5 +/- acre parcel zoned A-2. 2005118433	Calvin Drive Property Transfer Sacramento County Dept. of Environmental Review Citrus Heights--Sacramento The proposed project consists of the transfer of County owned properties. Water Resources wishes to quitclaim the subject parcels. The subject properties will be conveyed to the City of Citrus Heights.	NOE	
2005118434	Rombold Boundary Line Adjustment Sacramento County Dept. of Environmental Review --Sacramento The proposed project consists of a Boundary Line Adjustment to reconfigure the property lines of two adjacent parcels to follow an existing fence line in the RD-4 zone.	NOE	
2005118435	Bredian Boundary Line Adjustment Sacramento County Dept. of Environmental Review --Sacramento The proposed project consists of a Boundary Line Adjustment to reconfigure the property lines of two adjacent parcels to match the existing property line to the north in the RD-5 zone.	NOE	
2005118436	Lake Perris Beach Sand Replenishment Project Water Resources, Department of, Division of Operations & Maintenance Perris, Moreno Valley--Riverside A recent engineering study of Lake Perris Dam indicated that a seismically-induced event could result in failure of the dam and result in an uncontrolled release to downstream urban areas. To minimize the potential of this event, the maximum water surface elevation of Lake Perris will be reduced approximately 25 feet. As a result of this lower water level, new shoreline will be exposed which will be absent of sand suitable for recreation. Clean imported sand will be applied to bring the beach elevation to approximately 1,558 feet. This will entail spreading sand over an area of approximately 3,000 feet long by 80 feet wide (5.5 acres). It is anticipated that sand will be spread to a depth of about one foot, totaling no more than 10,000 cubic yards of material. Sand for this project will be quarried fine aggregate which conforms to ASTM C-33 and free of foreign material or contamination.	NOE	
2005118437	Mather Airport - Portland Cement Concrete (PCC) Pavement Rehabilitation Project Sacramento County Dept. of Environmental Review --Sacramento The proposed project will rehabilitate existing concrete pavement surfaces at Mather Airport. This rehabilitation will not involve any reconstruction. This is a maintenance project for the purposes of repairing existing surfaces to reduce foreign-object debris and extending the useful life of existing pavement surfaces. Rehabilitation will include joint sealing and repair, sub-grouting, crack sealing, and surface treatment. No new surfaces will be graded or paved under this project. The proposed staging areas and haul roads will be on existing, compacted and graded surfaces.	NOE	
2005118438	Rosemont Force Main Sewerage Agency of Southern Marin Mill Valley--Marin Replace and relocate an old and difficult to maintain sewer force main and gravity sewer line that are subject to overflows.	NOE

2002042112	<p>76 Gas Station & Circle K Mini-Mart El Dorado County Planning Department --El Dorado</p> <p>The proposed project consists of a combined 76 Gas Station and Circle K Mini-Mart. Two entrances are proposed, one from South Shingle Springs Road and the other from Mother Lode Drive. A joint access easement is proposed along the southern property boundary connecting with the auto dealership. The Gas Station includes six fueling stations (12 fueling positions), three underground fuel storage tanks consisting of two 15,000 gallon tanks for unleaded fuel and one 12,000 gallon tank for diesel fuel, and underground piping from the storage tanks to the six fueling stations. The fueling stations would be covered by a 20-foot high, 4,000 square foot canopy. The canopy would provide protection from sun and rain and would be lit. The concrete pad beneath the canopy would have a finished floor elevation of 1,534 feet above mean sea level. The project includes 15 on-site parking spaces including one handicapped parking space. The Mini-Mart would include a 2,976 square foot structure 16 feet tall with stucco and ceramic wall tile treatments. Lighted signage is proposed over the entrance. Wall mounted security lighting is proposed on side and rear walls.</p>	EIR	01/12/2006
2003042121	<p>GEM Investments Zone Change/Tentative Subdivision Map (Z-02-03/TSM-02-01) Siskiyou County Planning Department Mount Shasta--Siskiyou</p> <p>The applicants, Gem Investments, propose a Zone Change and Vesting Subdivision Map to create a 38-lot subdivision northeast of the City of Mt. Shasta. The proposed project includes rezoning the subject property from Light Industrial (M-M) and Neighborhood Commercial (C-U) to Single-Family Residential (Res-1) and Open Space (O). Proposed lots range in size from 2.50 to 3.57 acres. The subdivision is to be developed in one phase and would have two access points to Everett Memorial Highway. Roads are proposed to be private. The subdivision is proposed to be a gated community. The total project consists of 116.03 acres. Approximately 13 acres are proposed to be zoned Open Space for a common area greenway to be used as open space for drainage and storm water detention purposes. Water and sewage will be provided by private wells and on-site septic systems. A fire suppression system is planned, including fire hydrants with water provided by wells.</p>	EIR	01/12/2006

2003102144	Orchard Estates / Lake Road Grizzly Ranch EIR Parcel Map 2003-45 Stanislaus County --Stanislaus The project would subdivide 10 existing parcels on an existing 2,843-acre almond orchard site on the south side of Lake Road, east of Meikle Road in the Hickman area into 71 forty-acre parcels, dedicated for the cultivation and growth of almond orchards as a primary use, with a secondary use to allow potential future compatible residential development. Property owners would have the future option to convert up to 1.5 acres of each forty acre parcel into a residential building development envelope. According to the Stanislaus County zoning regulations, (A-2-40 / General Agriculture) each forty-acre parcel would be allowed a maximum of two homes within each residential development envelope. The proposed project's primary use would continue to be the cultivation of almonds upon build-out and approximately 106.5 acres of the property would be used for residential development. The proposed project would also include the construction of private streets and utilities.	EIR	01/12/2006
2004071091	Integrated Resources Plan Los Angeles, City of --Los Angeles IRP is the Facilities Plan for water, wastewater and stormwater related facilities and needs of the area for the year 2020 and beyond. Project includes expansion and upgrade of existing facilities, up to three new interceptor sewers, expanded recycled water distribution systems, and dry and wet weather urban runoff management facilities.	EIR	01/12/2006
2005041045	LAUSD South Region Elementary School #4 and Early Education Center No. 1 Los Angeles Unified School District South Gate--Los Angeles LAUSD is proposing the construction of one new middle school, South Region Elementary School No. 4 and one new Early Education Center No. 1 at the same site. The proposed elementary school would accommodate 950 two-semester seats, with 775 seats for grades K through 175 seats for an early education center (EEC). This would include 38 classrooms involving approximately 70,000 square feet of development. The elementary school will be approximately 57,000 square feet in size and include 31 classrooms, a multi-purpose room library, cafeteria, and administration offices.	EIR	01/12/2006
2005062149	The Village at Lexington Heights Galt, City of Galt--Sacramento The proposed project involves the conversion of 20.28 acres of primarily vacant land (with two existing residences on-site) to a 64-lot residential subdivision with associated infrastructure tied into existing off-site infrastructure. Lot sizes range from 6,500 square feet to 12,563 square feet. The project includes 4.85 acres of right-of-way for internal circulation, bikeways, and pedestrian sidewalks, as well as 4.61 acres of open space. All parcels would be annexed into the Northeast Area Lighting, Landscaping, and Maintenance District.	EIR	01/12/2006
2005031112	Veterans Homes of California - Greater Los Angeles/Ventura Counties Veterans Affairs, Department of Los Angeles, City of, Lancaster, Ventura--Los Angeles, Ventura The proposed project consists of the construction of three new CDVA Veterans Homes to serve Los Angeles and Ventura counties. The new Veterans Homes	FIN

	would be constructed using a combination of state funds and a federal grant (FAI 06-044) from the USDVA. A 400-bed facility at the West Los Angeles Healthcare Center and two smaller satellite facilities, containing approx. 60 beds each, are proposed.		
2005111121	La Buena Tierra Subdivision / Twentynine Palms 2005, LLC; PC 04-44; Tentative Tract Map 17528 Twentynine Palms, City of Twentynine Palms--San Bernardino Twentynine Palms 2005, LLC proposes Tentative Tract Map, 17528, the subdivision of 16.4 gross acres (15.2 net acres) into 61 lots for future development of single-family residences. The project proposes density of 3.71 dwelling units per acre, which is less than the maximum density of 4.0 dwelling units per acre allowed by the General Plan.	MND	12/28/2005
2005111125	Tentative Tract TT-05-078 Victorville, City of Victorville--San Bernardino To allow for a 36-lot single-family residential subdivision on approximately 10 acres of land.	MND	12/28/2005
2005111126	Site Plan SP-05-037 Victorville, City of Victorville--San Bernardino To allow for the development of a home furnishing store and retail center in 2 phases on 5.45 acres of primarily undisturbed land.	MND	12/28/2005
2005111127	Proposed Tentative Tract TT-05-080 Victorville, City of Victorville--San Bernardino To allow for the development of a 153-lot single-family residential subdivision.	MND	12/28/2005
2005111128	Proposed Tentative Tract TT-05-079 Victorville, City of Victorville--San Bernardino To allow for the development of 17-lot single-family residential subdivision.	MND	12/28/2005
2005112124	Mirada Surf Coastal Trail Extension San Mateo County --San Mateo The application is proposing to construct a paved pedestrian/bicycle path across the Mirada Surf parcel. This new path will replace an informal dirt path which runs along the nearby coastal bluffs. The new pathway will have a total width of 12-foot paved with 2-foot graveled shoulders, and include benches, kiosks and bathrooms at the southern end near Magellan north of intermittent stream. One bridge will be constructed at the east end of the path to cross an unnamed, intermittent stream. Access at the east end will be directly from Magellan Avenue. The west end of the path will tie into what remains of the Mirada Road right-of-way in the County's jurisdiction of Coronado. At this end of the path, the existing asphalt, concrete curbs and K-rails will be removed, the area regraded and revegetated with native grass species. A portion of this work area is within the Caltrans' right-of-way and will require an encroachment permit. In addition, at this end, a small berm (approximately 3 feet in height) will be graded in order to direct stormwater runoff from Highway 1 into a drainage ditch that then safely conveys it to the adjacent beach. That pathway has been routed to avoid any significant vegetation and to remain well clear of the estimated 50-year bluff erosion limit. At the east end, the	MND	12/28/2005

2005112126	Ballpark Study in the Diridon/Arena Area San Jose, City of San Jose--Santa Clara The City of San Jose Redevelopment Agency is considering the development of a major league baseball stadium, a parking structure and a future commercial development site. The project would reconfigure the 17 existing parcels in order to develop an approximately 706,800 square foot major league baseball stadium. Maximum capacity of the stadium would be 45,000 patrons. The baseball stadium, including all scoreboards, would have a maximum height of 200 feet. The lighting structures could exceed 200 feet in height. As part of the proposed project, an approximately five-story, 1,200-space parking structure is proposed south of the stadium, south of Park Avenue. A pedestrian bridge crossing Park Avenue would connect the stadium and parking structure. Access to the parking structure would be provided from Park Avenue and South Autumn Street. The project may also include the relocation of a PG&E substation currently located on the stadium site to a different location on the stadium site or to a location near or adjacent to the proposed parking facility on the south side of Park Avenue.	NOP	12/28/2005
2005112128	The Gateway Oakland, City of Oakland--Alameda The project sponsor proposes to build a mixed-use Planned Unit Development that would consist of approximately six new buildings and would be constructed in four phases. The project would result in approximately 881 new residential units; 30,000 sq. ft. of retail spaces; approximately 42,100 sq. ft. of ground floor commercial space (commercial "flex" space); and approximately 1,344 parking spaces, including underground parking and surface parking.
